

GHAITH JRIDI

Full Stack Web Developer

Email: ghaithjridi5@gmail.com | Phone: +216 52 132 454 | Location: Tunisia

SUMMARY

Full Stack Web Developer with hands-on experience building scalable web applications using React, NestJS, Node.js, and MongoDB. Strong foundation in financial engineering, combining technical problem-solving with business understanding. Experienced in REST APIs, authentication, and modular architectures, with a collaborative mindset and strong time management skills.

SKILLS

Frontend: React, JavaScript, TypeScript, HTML5, CSS3, Vite, Bootstrap

Backend: NestJS, Node.js, Express, Python, Java

Databases: MongoDB, MySQL

Tools & Practices: REST APIs, JWT Authentication, Git, API Integration, Form Validation, Modular Architecture

Other Tools: VS Code, Trello, Canva, Iberis

PROFESSIONAL EXPERIENCE

Full Stack Developer — MartechLab, Tunisia

June 2025 – Present - Developed and maintained full-stack web applications using React, NestJS, and MongoDB. - Built secure RESTful APIs with JWT-based authentication and role-based access control. - Implemented reusable frontend components and form validation to improve UX and maintainability. - Collaborated with cross-functional teams using Git-based workflows and modular architecture principles.

Financial Officer — Sascode

July 2023 – August 2023 - Managed and tested financial bills and invoices using Iberis. - Prepared and reviewed employee contracts with attention to compliance and accuracy. - Supported financial reporting and administrative tasks under tight deadlines.

PROJECTS

EasyBill — Full Stack Developer (Team Project, 3 Months) - Developed a web application enabling businesses to manage invoices and track expenses. - Built frontend interfaces using React, JavaScript, HTML5, and CSS3. - Implemented CRUD operations with Node.js and Express, connected to a MySQL database. - **Technologies:** React, Node.js, Express, Tailwind CSS, MySQL

Football Academy Platform — Full Stack Developer (Team Project, 3 Months) - Created a platform to help football players evaluate selection potential through online tests. - Developed frontend features with HTML, CSS, JavaScript, and Bootstrap. - Implemented backend logic using Python and Flask. - **Technologies:** Python, Flask, CSS, Bootstrap

EDUCATION

Bachelor in Financial Engineering

Higher Institute of Economics and Commerce

September 2020 – June 2023

Baccalaureate in Economics and Management

Secondary School of Soukra

September 2019 – June 2020

CERTIFICATIONS

American Certification in Full Stack Web Development — Coding Dojo Africa (2024) - 1200+ hours of coding in JavaScript, Python, and Java. - Completed 3 full-stack projects with pair programming and daily algorithm practice. - Soft skills training focused on communication and teamwork.
